" Christmas in Africa ! "

It's not only about tourism and seeing Africa ... it's about relationships, friendships and the 'experience' of Africa.

And although it's a wonderful and integral part - there's more to Africa than lions and elephants.

There's music. And food. And people. And history. And adventure. And wide open spaces. And blue sky and mountains and sunsets

And African culture - and all its ancient links to the Old Testament !

You will learn about creation, evolution, natural selection.

And you will see the "Big picture" as the finely interwoven symbiotic threads of God's creation suddenly become visible ...
